TELSTAR SPRING SPORTS AWARDS ASSEMBLY TUESDAY

Telstar Auditorium was the sight of the Spring Awards Assembly Tuesday evening. The baseball, softball and boys' and girls' track teams were honored. The assembly was followed by an ice cream smorgasbord sponsored by the Telstar Athletic Boosters.

Principal Theodore Davis welcomed parents and thanked the many people for their commitments and many hours in making the spring sports so successful.

Special recognition was spoken on behalf of the teams' successes. The softball team went undefeated during the regular season and lost to Gray-New Gloucester, 13-2, in a Western Maine semi-final play-off contest on Tuesday. The baseball team finished in a tie for first place, and forced a play-off for the league title. The boys' and girls' track teams had some strong individual performances at regionals which qualifies those people for the States.

Robert Remington presented the varsity and junior varsity baseball awards, giving special recognition to Darren Tripp, Scott Tabb and Bob Myers.

Jerry Klesman presented track awards. He gave special recognition to David Kersey, Coach Award; David Bennett, Most Improved; and Chuck Haines, Most Valuable.

The girls' track coach, Mrs. Ellen Durgin, presented awards to all the track team members. She then presented special awards to Sarah Chapman, Rookie of the continued on Page Five

VOLUNTEERS SOUGHT FOR NUCLEAR WASTE REFERENDUM

Volunteers are being sought all over Maine to gather signatures for a referendum drive which would give the people of Maine the right to vote on any storage or disposal plans for low level nuclear waste.

In the Bethel area, the petition drive is being coordinated by the Headwaters Alliance of the Sunday River, as a way of making sure that the proposed nuclear dump on Sunday River does not become a reality.

According to Alva Morrison of the Headwaters Alliance, "If we get this referendum on the ballot, no plan to dump on Sunday River, or to bury nuclear waste anywhere in the state, will have a chance of even making it through the legislature. No politician would dare give support to such a plan knowing that it would be placed before the public for debate and vote. The dangers of ground water burial are too well-known and too easy to point out."

Petitions are available through Morrison or through Robin and Greg Fraser in Newry (tel. 824-3361). Volunteers will be covering polling places during the primary elections (Tuesday, June 12) to gather signatures. This will make the gathering process much quicker and easier (an important factor, as fully 50,000 signatures are needed, according to Morrison) as all signatories must be registered voters and must sign their name exactly as it appears on the voting list, and each signatory must be certified by the registrar of voters in the signer's home town. To join signature gathering teams on Primary Day, contact the Frasers at the telephone number above.

Tampered Switch Causes Train Wreck at Bryant Pond

Three locomotives and nine cars of an east-bound 40 car Canadian National freight train were derailed at Bryant Pond late last Saturday night. Derailed units included two empty fuel oil tank cars, a box car, and six flat cars loaded with crushed rock. A car containing chlorine gas was thirteenth in the train and reportedly posed no threat.

Vandalism was the apparent cause of the 11 p. m. incident as evidence pointed to a sabotaged switch according to authorities. Officials of CNR, the FBI and Oxford County authorities are investigating the incident.

A CNR crew arrived at the site late Sunday afternoon and worked until nearly midnight recovering undamaged cars and continuing with clean-up. Work is expected to continue into Saturday on clean-up work. Through traffic on the tracks was resumed on Wednesday.

Original estimates of damage were around \$400,000, but it was apparent Monday that costs would be much higher, due to the duration of clean-up time and the length of time the tracks were out of service.

An FBI investigator has stated that derailment is a federal offense carrying a minimum \$10,000 fine and a 20 year prison term. He is also asking for the cooperation of anyone from the area who may have information helpful to the investigation. He said most important is any suspicious activity between the hours of 7:30 and 10:30 p. m. Saturday. He said anyone requesting anonymity will be granted it. Persons with information may call 780-3321.

'Was everybody happy to see the sun on Sunday after a whole week of rain? I hope so.

Joe Kalinowski, Portland, Conn., called on Saturday and said Laura was a bit better. The water there is very bad, like the flood of 1936, they live on a hill and said it was like living on an island, completely surrounded by water.

Robert Anderson, Sr., of Burlington, Mass., and Mike Fucile of Woburn, Mass., came to Anderson's trailer for two days of fishing and they fished in the rain.

The road construction crew had a week off due to the rain and the road is terrible, rough and rutty, and lots of water. Hopefully this week it will be better. It is easier to go up by Abbotts' apple orchard and down over guide board hill to get to route 26. Some cars don't even slow down.

Joe Vatcher went to Wilmington, Mass., Saturday when his nephew, Wayne Berthold, joined the Aleppo Shrine. He was one of a class of 500 candidates. The attendance was 14,000 and a delicious banquet was served. Joe also visited his mother, Mrs. Fannie Vatcher at the nursing home and his 94 year old aunt, Flora Gozal, at Lynn hospital who had a stroke. He had dinner with the Robert Andersons. Evaline still has a cold so she stayed home and kept the dogs company.

All roads led to Bryant Pond Sunday after three engines and nine cars became derailed late Saturday evening. We went up but forgot to take the camera. Callers at Lawrence's: Charles Coffin and James Edgar, Nikki Bailey, Joe and Evaline Vatcher, Mr. and Mrs. Nonnan Abbott and JoAnn.

Doris Lawrence went with Ellen (Burns) Coffin to the Woodstock Alumni Banquet at Telstar Saturday evening. There were 106 in attendance. This is a beautiful Monday morning with the sun shining. The large strawberry bed is just white with blossoms and we are hoping for a good yield. Last year we picked one pint but couldn't eat them for they were so hard. One garden is doing fairly well but the other has a bit of water so we may end up buying potatoes. We can't win all the time.

Our grateful thanks to everyone for their many thoughtful expressions of sympathy, help, and support during our time of sorrow. Until we can find the words to adequately express our appreciation for your many kindnesses, please accept our sincere thank you.

Safety Tip

It is time again to be out mowing the grass. People should be very careful mowing lawns. You should wear shoes. The lawn should be picked up or raked to remove things that the lawn mower can strike and throw. Never try to adjust or fix anything under the mower with it running. Do not let small children play anywhere near where you are mowing. Make sure that a youngster knows how to use a lawn mower and its dangers before he or she is allowed to use it.

Letter to the Editor

June 6, 1944

40 years have gone by but I will never forget D Day 1944. In my home town of Rouen in Normandy, that day the German soldiers in full battle gear, were patrolling the streets, all exits from the city were closed. On their part there was a strange activity that we did not understand. Soon, thru clandestine radios, we heard! By the thousands, the Allies had landed in Normandy—the impossible dream had come true—it was the beginning of the end of a long nightmare. We were stunned and then jubilation took over.

It gave renewed hope for the captives and the persecuted, renewed strength and energy to the members of the French Resistance who would at all costs ease the way for the Allies thru Normandy. We civilians knew there was rough going ahead but nothing compared to what the Allied Armies would go thru.

Those of us who lived in France at the time will never forget the thousands of young men who died on the Normandy Beaches, so we could be free. We cannot make up for the loss of their lives but we have made sure that our next generations will always know the meaning of D Day, June 6, 1944.

To the Editor:

No one was more upset than I at the loss of the fountain several years ago but I cannot see the feasibility of putting one again on the Common.

No way would it escape the vandalism that seems to be the order of the day.

It was always the receptacle of garbage—broken bottles and papers, and in this day and age, I'm afraid much worse will be done to it.

I can't imagine anyone not wishing to see a lovely fountain again on the Common but it is the utmost folly to go to the expense of placing one there and expect to have years of enjoyment from it.

I feel that the money the town will have to spend to maintain it would be better spent on decent sidewalks, some of which are narrow little cowpaths. Lower Main

CHRISTIAN SCIENTISTS HELD ANNUAL MEETING JUNE 4

At a brief meeting of Christian Scientists in Boston, June 4, church officers spoke of the critical need of "works over words" in the closing years of the 20th century.

Incoming chairman of The Christian Science Board of Directors, H. Dickinson Rathbun, invited church members to consider ways in which the deeper message of the Bible could be more widely felt. "Without any doubt," said Mr. Rathbun, the best "advertisement" is to demonstrate in our lives "the Christ" which Jesus so fully taught and lived.

The gathering focussed on what Christian Scientists term their "pastor," the Bible and the Christian Science textbook. Speakers emphasized the role of this textbook—Science and Health with Key to the Scriptures, by the church's founder, Mary Baker Eddy—in "unlocking Bible treasures" in somewhat the same manner as a deeply inspired sermon. As a church of laymen, with no clergy, Christian Scientists place special emphasis on the "pastoral" role of the Scriptural Word which, they feel, offers daily guidance, comfort and healing.

The awakening interest in Biblical healing was also noted as a significant "sign of the times." Reports from the treasurer, clerk, and church committees were included in the meeting.

Church president, James B. Kyher, of Chapel Hill, N. C., handed over the gavel to incoming president Zeddie Hatfield of Hingham, Mass. A native of England, Miss Hatfield served with the Royal Air Force in Southeast Asia and the Middle East before emigrating to the United States to serve at the church's headquarters. She recently resigned as Trustee of the Christian Science Publishing Society to devote her full time to the public practice of Christian Science.

The Christian Science Church was founded in 1879 and today includes nearly 3,000 congregations in 57 countries.

To the Editor:

This is my philosophy on the subject of the Olympics and Politics: I think that it has run its cycle. Why not stop competing with the other Countries and just compete with our own? It's getting so bad, that we want to find out who has the largest muscles so we take drugs... Who jumps the highest so we take drugs... and so on and on.

Who runs the fastest and the longest??? MONDAILE, HART and JACKSON. The RUSSIANS sure can't beat THAT! And who spends the most money to run? Over 17 million dollars so far by just one political contestant.

If we can run that fast and that long, we shouldn't worry about the RUSSIANS catching up with us. I think that the Olympics are causing more trouble than good and we are losing friends instead of making some.

Soon it will be who can shoot the straightest, who can sink the most ships and who can down the most planes. AND WHO CAN GET TO THE BUTTON THE FASTEST. VERBUM SAT SATIENII

AMEN
Gil Seeley

Street is one example.

I understand, also, that there is a question whether the Town can find the money to paint the Cole Block.

What is to stop the Town from removing the fountain again if it proves too costly to maintain?

Sincerely,
Geraldine S. Howe

THIS WEEK AT THE MOSES MASON HOUSE

All members and friends of the Bethel Historical Society are reminded that the monthly meeting will be held on Thursday, June 7, in the meeting room of the Dr. Moses Mason House, 7:30 p. m. Featured during the program portion of the meeting will be a slide presentation by Randall H. Bennett entitled "Ketchum, Bethel and Vicinity: The Photographs of Martha Fifeild Wilkins." The meeting is open to anyone interested. Refreshments will follow the program.

Forty persons took advantage of the historical tour sponsored by S.A.D. 44 Adult and Community Education in cooperation with the Bethel Historical Society. Despite the rain the trip proved to be pleasant. Sites visited included the Shaker Museum at New Gloucester, the Wadsworth-Longfellow House in Portland and the Portland Observatory. The weather cleared long enough to allow some visibility from the Observatory.

Another historical trip may be planned for the fall.

New members of the Bethel Historical Society this week include Charles and Patricia Blake, Bethel, and Dorothy Grover Schmidt, Augusta, a life member.

Latest donor to the 1984 Endowment Campaign is Helen A. Morton of Newry. So far eleven persons have contributed bringing the total to over \$250.

Director Stanley Howe represented the Society on Friday at a meeting at the University of Southern Maine, discussing possible cooperative efforts with a proposed New England Studies program at that university.

Copies of the 1880 maps of the town of Bethel, Bethel Hill, West Bethel and South Bethel are now available in the store of the Moses Mason House. Anyone wishing to purchase one or more should stop by the Moses Mason House. Display copies are currently in the window of the town office.

The Society is pleased to announce that Jeffrey Plummer of Auburn, a senior at Gould Academy is the 1984 winner of the Dr. Moses Mason Award for the best essay on local history. The prize consists of a \$100 savings bond and a certificate of commendation. His essay was entitled, "John Alfred Poor: Railroad Promoter." The runner-up this year was Sue Gould of Telstar Regional High School who received a \$50 sav-

SILENT COMEDY MOVIES TO BE SHOWN THIS SUMMER AT GORHAM, N. H.

Old fashioned silent comedy movies will be shown indoors and outdoors this summer in Gorham, N. H., according to the Rev. David Samuelson, a retired United Methodist minister, who is a summer resident.

"Last year," Rev. Samuelson said, "there was a good response to the series of travel movies shown on Friday nights at the Gorham Community Center, so, after conferring with a number of local persons, I decided to show films again at the Center and add showings on the Common."

He said the films will be provided by the State Library in Concord through the Gorham Library, at no cost. They would be shown at the Community Center on Friday nights beginning June 22 after some community singing starting at 7 p. m. to be followed with a repeat performance on the Common at dusk weather permitting.

FROM THE BETHEL AREA HEALTH CENTER

You may be surprised if your doctor says that you have high blood pressure because it produces no obvious symptoms and can occur in an otherwise healthy person. Although scientists do not yet understand all the causes of high blood pressure there are simple ways to control the condition by bringing blood pressure readings down to safe levels.

What is High Blood Pressure? As blood is pumped from the heart out to the blood vessels, it creates pressure against the blood vessel walls. Your blood pressure reading is a way of measuring this pressure and tells you if the pressure is normal, high or low.

Blood Pressure readings are given in two numbers. Although 120/80 is an average reading for adults, a slightly higher or lower reading is not abnormal or unsafe. Lower blood pressure readings (for example 110/70) are usually considered safe for most people and often indicate good health habits. Experts feel that readings up to 140/90 are acceptable. Once the blood pressure goes above this level, however, some form of treatment should be considered.

Possible risk factors for high blood pressure are a family history of it, obesity, diets high in salt, heavy alcohol intake or cigarette smoking.

The good news about high blood pressure is that for most people it can be controlled by medication and often simply by changes in daily habits. The type and severity of a patient's high blood pressure as well as his or her other medical problems will determine

what methods will be used. If you have high blood pressure you can control the condition by remembering these facts:

(1) People with hypertension may not feel sick, but hypertension is serious and should be treated by a doctor.

(2) Recent research shows that treatment of mild high blood pressure is beneficial. If, in the past, your doctor has told you that you had mild high blood pressure but did not recommend some form of treatment, you should consult with him/her again.

(3) Blood pressure can be lowered with medication but will rise again if the medication is not used. If one dose is missed do not "double-up" the next day.

(4) Try to take your medicine at the same time each day—for example, in the morning or evening after brushing your teeth. This will help establish a regular and easily remembered routine.

(5) Weight reduction; reduced salt, alcohol and cigarette intake; and exercise may be helpful but only as recommended by your doctor. DO NOT assume that these actions are substitutes for medication unless your doctor specifically says they are.

Preventive medicine reduces the risk of serious complications of hypertension and leads to a more healthful lifestyle. Work with your doctor to establish good health habits.

What are the risks of high blood pressure? In the short run, very high blood pressure may cause immediate danger from strokes. In the long run, even moderately high blood pressure increases the likelihood of not only strokes, but also heart attacks, kidney failure, and poor circulation.

Because of the wet conditions, a walkers scramble was held on Sunday, June 3. Results were a tie for first between the teams of Pete Matthews, Barbara James, Jay Gauthier and Rocky Myers, Bren Matthews, Mike Thompson, each with a score of 34.

Saturday, June 9, will be a grand opening of the driving range, in conjunction with the golf exhibition and long drive contest at 2 p. m. there will be a mixed scramble beginning at 4 o'clock. Registration and more information is available at the pro shop.

Mrs. Arline Bernier, Corres.
Mr. and Mrs. Earl Largesse were host and hostess at a graduation party given in honor of their daughter, Christine Saturday. Christine is a member of the Telstar 1984 class.

Berniers and Bergerons attended an open house party in honor of the Khoronens who have moved to a farm in West Bethel.

We got rather misty during the non-stop rain last week but little personal damage was suffered in the area.

The Bergerons had as overnight guests some friends from Bragg Bay area who were evacuated during the flood.

Monday was a freak weather day. The sun shone brightly until about mid-morning. The temperature went from very warm to rather cool and back again during the rest of the day until evening when a short heavy rain preceded by a brief strong wind, was followed by a very short but violent thunderstorm. The lightning entered several homes with a loud crack or gun shot type of noise. Soon the sun shone again and two complete brilliant rainbows were visible with bands of color across the hillsides on both ends. Inside the smaller rainbow the sky was a solid, unusual shade of very light grey with a tinge of blue. Between the two arcs the sky was solid dark grey color. The rest of the sky showed normal variations of blue sky and clouds moving and changing. The scene was very spectacular and unusual.

The power was out in the area Monday evening and some telephone wires were out of order. I tried to call the operator and although there was no ringing on the phone even when I tried my own number, I heard the clicking noise which indicates a number is being called and could hear conversations faintly. Sometimes both sides, sometimes one. The voices were none I recognized but from the accents I would guess they were from this part of the country. Rather weird experience at the end of a weird day.

Rotary Club News

The Bethel Rotary Club held its weekly luncheon meeting of the Sudbury Inn on June 5. Preceding this meeting the Board of Directors met at 7 a. m. to conduct their regular monthly meeting. Numerous subjects of club business and programs were discussed. The noon meeting was a club assembly at which time the items of business discussed, and suggestions made, by the Board, were presented to the membership for their approval. A big item of business at the moment is the Mollycoddett Day activities. This has been the major fund raiser for the Club and thanks to the support of Rotary wives and family members it has been a success. Plans are going ahead on a Club program to commemorate the 10th anniversary of the Bethel Rotary Club. The program will be "in-house" in nature. Romeo Baker has agreed to host the party at Sunday River on June 24. The program chairman for the meeting of June 12 is Ed Quinn. Ed will give another of his interesting talks about the good days of railroading. Guests and visiting Rotarians joined with the Club on Tuesday were, Bill Lowther, Boon-ton, N. J., Arthur Meader, Rumford, and Ira Pitcher, Lewiston/Auburn.

The Rotary Club is in need of more items for the auction. Anyone having tools, equipment, furniture, books, toys, etc. that they no longer need can contact Roger Conant for pick up arrangements.

Mrs. Alice F. Hoyt, Corres.
Becky Cobb Lawrence has completed her freshman year at Mid State College of Auburn with a 3.93 cumulative average.

The Woodstock Alumni Banquet was held on Saturday, June 2, at Telstar Regional High School. One hundred six were present. One 70-year alumnus, Nancy Lord, was present. Three 60-year alumni and 10 50-year alumni. Eight Telstar Seniors attended. At this time six \$50 scholarships were presented to Robert Hoyt, Christine Davis, Tony Berryment, Valerie Cole, Jeffery Dunham, and Samantha Merrill. A delicious banquet was served by Hilda Brown and helpers.

New officers for the coming year were: Alice Hoyt, president; Mina Morgan, vice president; Ver-na Swan, treasurer; Sheryl Wilbur, secretary.

Any person having good clean clothing one would like to give to Pineland, can contact Evelyn T. Bean as she is the State Pythian Chairman for Pineland. A person does not need to belong to the Pythian organization to donate to this worthy cause. Mrs. Bean will gladly come for the clothing and deliver it to the home.

Franklin Grange met on Monday, June 4, for Memorial Service and election of officers. Filling the chairs were Harry Boyer, Overseer; Lettie Brooks, Chaplain; Pianist, Dot Canwell; Gatekeeper, Harold Canwell. June 26 is Pomona Grange at Franklin Grange. June 30 is five-point meeting at Newry with Franklin filling the chairs and taking desserts. Nomination of officers was held. Memorial service was arranged by Barbara Felt and presented by Lettie Brooks as follows: Psalm 100 by Lettie Brooks; reading, "Life is Like a Garden," Alice Hoyt; song, "In the Garden," Harry Boyer; service at the altar to honor departed members by Ceres and Chaplain; song, "Beyond the Sunset" and poem, Harry Boyer. A short program was held: mystery march; poem and questions on hearing by Olive Davis; facts on hearing from Richard Felt from a speaker he had heard; closing thought, Olive Davis. Next meeting June 18 is Ladies' Night. The men are on refreshments.

Mr. and Mrs. Arthur Ring were guests of his parents on Saturday, and they and Helen Ring attended the Alumni Banquet.

Mr. and Mrs. John Chase and Crystal and Andrew, Locke Mills, were dinner guests of Beatrice Farnum and the Ken Hoyts on Sunday. Also present were Mr. and Mrs. David Crockett and Ray.

Baccalaureate Service was attended by six seniors at the Baptist Church on Sunday with friends and relatives.

Kaye Glines, Danbury, N. H., was dinner guest of her parents on Monday. Mr. and Mrs. Linwood Ring. It was Mrs. Ring's birthday.

Congratulations to all the Seniors in the area. Graduation is Friday night at Telstar, 7:30 p. m. I have meant to say how nice the baseball field and grandstand looks thanks to the hard work of a few people. I think some group should get together for a food sale or something to earn the money to roof the dugout and paint them. Maybe all the ball team together with town people could do it.

Daughters of Union Veterans will meet on Monday at the Grange Hall for a regular meeting.

CARD OF THANKS
To all my friends, a thank-you for your thoughtfulness in remembering me in so many different ways. Your cards, calls, and gifts were all appreciated while I was in the hospital, at Ledgeview and since returning home. Again my thanks for your kindness.

NOTES FROM

Evans Notch

White Mountain National Forest

Campsites and backcountry shelters were full on the Evans Notch Ranger District of the White Mountain National Forest over the Memorial Day Weekend. Campers were courteous and observed the request to reserve designated sites for disabled campers until 6 p. m.

Road maintenance and grading activities will begin on District roads shortly. Visitors are urged to stay alert and drive carefully.

Caribou, Speckled Mountain, Bickford Brook, and Spruce Hill Trails were recently cleared for backcountry use. The severe blow-down at Caribou Shelter was also treated. Individuals interested in hiking and camping opportunities may obtain Recreation Opportunity Guides at the District Office.

The Granite Dam at Patte Marsh is scheduled to be repaired this summer. Water levels will be lowered to encourage herbaceous growth for waterfowl and non-game wildlife species. The dam is one of many spots along the Patte Brook Auto-Tour, located in the Crocker Pond area.

Public involvement associated with the Caribou-Speckled Mountain Roadless Area has begun. Public involvement packages should be available at the District Office on June 11. Citizens concerned with the future management of this area are encouraged to write or telephone for a response package.

Assistant Ranger, Rick McVey, and Information Specialist, John Derby, recently hosted 5th grade students from the Portland school system. Rainy weather forced the 5th-graders inside, but they still had an opportunity to view scenic Forest areas in the "White Mountain Year" slide-tape presentation.

Forestry Technician Floyd Daley has been reassigned to the Washburn Ranger District of the Chequamegon National Forest in northern Wisconsin. Many of our summer visitors and District employees will miss Floyd's friendly, professional assistance. Tony Butters, a Bethel native, has joined the summer trail maintenance crew. Joe Taylor leads the crew. George Emerson and two additional seasonal employees will be assisting Joe with the maintenance of District hiking trails, and reestablishment of the District snowmobile network. John Nobles of Warren, Pa., has joined the recreation staff and will be assisting with campground operation and maintenance this summer. Don Feeney has returned for another season of backcountry patrol.

Finally, a number of contract opportunities still exist in wildlife opening maintenance. Interested contractors are asked to contact Mary Paine or Wayne Millen for more information.

Olive Davis, Corres.
Olive Davis was in Bridgton on Saturday visiting the graves of relatives. She had dinner with Mr. and Mrs. Arthur Andrews and sister, Lillian Harmon. I also was at the Songo Cemetery and one at South Paris. This is a busy season of the year.

Mrs. Carl Brooks and Olive were at Bear River Grange Saturday evening attending Gentlemen's Night.

Mr. and Mrs. Ellsworth Hathaway held a family party at their home Sunday with 83 present. Families of Lester, Lloyd and Harris Hathaway were there and Mr. and Mrs. Harris Hathaway. A pot luck dinner was served at noon out doors. It was a beautiful day for the reunion. The oldest, Allen Hathaway was unable to attend.

Mr. and Mrs. Alton Hathaway, Jacksonville, Fla., flew to Maine Thursday and visited with Mr. and Mrs. Ellsworth Hathaway until Monday, when they returned home by plane from Portland.

Memorial Day turned out to be overcast and cold but the parades went on. People were decorating their lots all week end. It seems early to put out plants as yet. So cold out and the wind was blowing the pots over as fast as you could set them up.

Esther Davis was in Livermore over the week end staying with relatives while her brother and sister were away on a fishing trip.

Mr. and Mrs. Nicholas Clements were in Belfast Sunday visiting their parents, Mr. and Mrs. Karl Thompson and Mrs. Margaret Clements. They also made the rounds to the cemetery lots.

Eric Clements is spending two weeks at his parents, having finished his studies at U of M, at Fort Kent for this year.

Mr. and Mrs. Jim Milon joined his parents Monday at a cookout for the day.

The day turned out to be showery so some services had to be cancelled.

Craig Morgan drove home from Indiana and is visiting his parents Mr. and Mrs. Maurice Morgan for a while. His family is with him.

Wendy Morgan spent Memorial week end from her work in Brunswick with her parents, Mr. and Mrs. Maurice Morgan.

Mr. and Mrs. Maurice Morgan were in Sebago with their camper last week for a little while.

Richard Felt is on the run this week trying to keep everyone happy. Friday night he plays at the

Voters approved \$2,175 to be expended for approximately 311 feet of right-of-way at the westerly end of Old Route 2 in West Bethel, and an additional \$17,500 for road construction at the site.

BETHEL SAVINGS BANK MET WEDNESDAY, MAY 23 WITH ADVISORY BOARD

On Wednesday, May 23, 1984, the Bethel Savings Bank held a meeting with its advisory board to review last year's performance and discuss overall bank services.

Bethel Savings Bank's Chairman of the Board Edmund Vachon and President James Delamater both spoke about the bank's commitment to stay independent as a mutual savings bank whose primary responsibility is to provide financial services to the community. The bank reported that overall assets increased 3 1/2% million last year and now totals over \$32 million. In addition, loan demand continued to be very strong in all areas, particularly commercial loans to new and existing businesses. The bank reported pre-tax earnings of approximately \$38,000 before the sale of old low rate mortgages and other securities which reduced net after tax earnings to an estimated \$28,000. This move according to President Delamater "is vital since it has allowed the bank to upgrade its portfolio which greatly enhances long term projects."

In addition, the bank reviewed plans for its new branch in Rumford, which is expected to open by the middle of July. Also described was the success of the bank's new trust department which was started last fall as Bethel Savings Bank became Maine's first and only savings bank to offer such a service. In summation, Chairman Vachon and President Delamater both asked the advisory board members to take an active role in giving "advice" to the bank on how it can better serve the community. Allan Groves, Vice President and Director of Economic Research for the Federal Home Loan Bank of Boston was the guest speaker.

Members of the Bank are:

Board of Trustees: Edmund J. Vachon, Chairman of the Board; John W. Truward, Vice Chairman of the Board; Norris Brown; Gordon Gillies; Philip Jackson; Ronald Kendall; E. PILGRIM FELLOWSHIP TO VISIT NEW YORK CITY

The Pilgrim Fellowship has once again decided to take a grand year end trip. This year they have their sights set on New York City! From June 18 - June 23, the P.F. will be visiting the Big Apple and will stay each night at the Rutherford Congregational Church in Rutherford, N. J. In addition to the more famous tourist attractions, the P.F. will also visit the United Church of Christ's national offices, the Inter Church Center and the Riverside Church. One topic of the stay in New York will be the role churches play in helping ethnic communities and in dealing with toxic waste disposal in the area.

To help defray the cost of the trip, the Pilgrim Fellowship has had two work days in the community, a car wash, and a bake sale. The last fund-raising project will be a yard sale Saturday, June 9, from 9 a. m. to 1 p. m. to be held at the Congregational Church in rain or shine. The sale is sure to contain many "unique," as well as useful, items.

GRAND OPENING JUNE 9 AT THE BETHEL INN

The Driving Range at the Bethel Inn & Country Club will open officially on June 9. Grand opening festivities will begin with a Free Bucket of balls given to the first 10 people who register at the Driving Range. There will be a special discount price for all other buckets.

At 2 p. m. Maine's well-known PGA Pros Pete Matthews, Steve Mazzeo, Mike Walsh, Harvey LaMontagne and Harry Andrews will give a woods, irons and trick shot exhibition. Then it's on to the Long Drive Contest. Participants will receive three balls each and the man and woman hitting the longest drive will receive a trophy. (The Pros will also participate, but will not be eligible for the trophy.) Pro. Pete Matthews challenges extra-long ball hitters to out-drive him. And, he'll treat the top two and their guest to dinner that evening with the visiting Pros. To wrap up what promises to be a terrific day, the Inn will host a Mixed Scramble Tournament at 4 p. m. The entry fee will also include greens fees and prizes.

Grand Opening Day festivities at The Bethel Inn's Driving Range were planned with seasoned players and beginners in mind. Regardless of your level of ability you're sure to enjoy yourself. Make a full day out of it — play a
